SUMMARY

An independent and self-motivated individual dedicated towards goals, having over 8 years of experience in IT production support, development & enhancement, data analysis, process automation, and team leadership.

PROFESSIONAL EXPERIENCE

Alenia Consultancy/ BNP Paribas Bank, Wealth Management team

Oct 2024 - Present

Location: Lisbon, Portugal

- Incident Management & Troubleshooting: Responded to, troubleshoot, and resolved issues and requests while providing continuous updates on resolution progress to stakeholders.
- Batch Support & Issue Resolution: Provided technical support for batch-related issues, ensuring timely identification, troubleshooting, and resolution to maintain system stability and efficiency.
- Knowledge Management: Reviewed and created Application Support knowledge articles to enhance documentation, streamline troubleshooting, and improve team efficiency.

Tata Consultancy Services/ UniCredit Bank, CIB Run team

Aug 2016 - Sep 2024

Locations: India, Germany, Italy & Hungary

- Production Support – Provided L1/L2 technical and functional support for trading applications, MDB-UK applications ensuring high availability and resolving real-time market data and trading issues. Assisted index and stock traders in market-making and trading activities across European exchanges. Managed incidents using HPSM/ServiceNow, conducted root cause analysis (RCA), and post-mortem reporting to enhance system stability.
- Automation & Process Optimization – Enhanced team efficiency by automating routine tasks using Unix Shell Scripting & SQL, reducing manual effort and improving system performance.
- Log Analysis & Data Operations – Conducted log analysis on Unix servers to identify and troubleshoot issues. Developed and executed SQL and KDB+/q queries for accurate data extraction, updates, and deletions, ensuring data integrity and optimal system performance.
- Project Transitions & Vendor Coordination – Played a pivotal role in transitioning critical banking applications from a previous vendor. Actively participated in knowledge transfer, secondary and primary support phases, acquiring valuable skills along the way. All transitions were successfully completed, with a focus on continuous improvement and seamless support throughout the lifecycle.
- Technical Documentation & Knowledge Sharing – Developed and maintained comprehensive documentation on application configurations, troubleshooting protocols, and best practices. Led knowledge transfer sessions with teams in Germany and conducted training for new members.
- Release & Shift Management – Provided weekend and night support for production releases, ensuring smooth deployments. Managed shifts and allowances, conducted daily scrum calls, and established project milestones to track progress.
- Team Leadership & Operations Management – Led a team in managing shift rotas, shift allowance allocation, and performance appraisals. Conducted daily calls to track ongoing tasks, handled escalations, ensured SLA compliance, and addressed breaches to maintain high service standards and operational efficiency.
